Humane –

As requested, attached are copies of the documents we produced last Friday (March 2) which relate to the individuals within the RFI area to whom Cabot has supplied drinking water. Also attached is Exhibit C to the COSA, which was referenced in our Friday cover letter but we did not provide; we will send you a hard copy of this document under cover later this afternoon. This exhibit, as we discussed, lists the individual receiving water under the COSA.

As we also discussed, this information describes in broad outline the individuals in the RFI area to whom Cabot has provided drinking water. As requested, I will ensure that Cabot has previously produced the addresses or locations of these individuals. To the extent it has not, we will provide you with that information. We look forward to hearing from you with regard to any other detail you would like regarding Cabot's delivery of water to residents within the RFI area.

Thanks very much,
